

ANA OBERLIES

Marketing Management and Communication

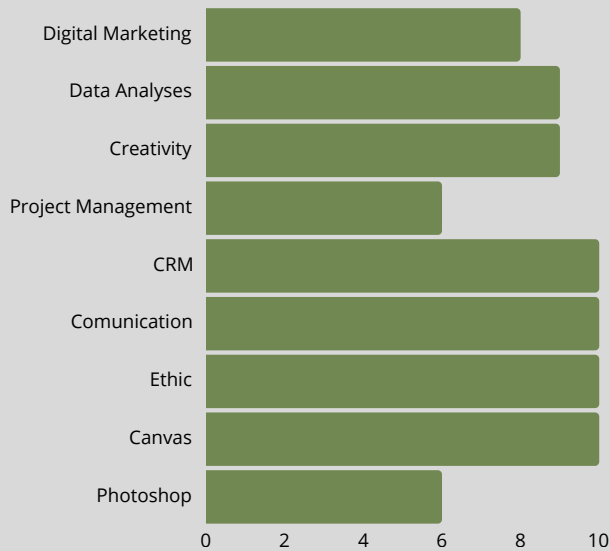

ABOUT ME

In 2023 I've finished a Marketing Management degree, throughout my course I've been involved in many activities in a way of developing new personal and professional skills. I've done volunteer work since young, started working at age 16 in restaurants, also worked as an event hostess. At the end of 2021 I stopped working in restaurants and stayed just for the events. I consider myself a proactive person, good teamwork and communication.
